

Index

S. N	Lab	Date	Signature
1)	Implementation of Bubble, Selection and Insertions Sort and Number of steps required.	12/08	
2)	Implementation of Merge Sort	12/08	
3)	Implementation of Quick Sort	12/08	
4)	Implementation of Randomized Quick Sort	12/08	
5)	Implementation of 0/1 Knapsack problem using Dynamic Approach	12/08	
6)	Implementation of Matrix chain Multiplication Problem	12/08	
7)	Implementation of String Editing	12/08	
8)	Program for Floyd Warshall Algorithm	12/08	
9)	Program for Dijkstra's Single Source Shortest Path	12/08	
10)	Program to solve fractional Knapsack Problem	12/08	
11)	Program to solve N Queen Problem using Backtracking	12/08	
12)	Implementation of Kruskal's algorithm to find Minimum Spanning Tree	12/08	
13)	Program for Prim's Minimum Spanning Tree	12/08	
14)	Implementation of Subset Sum problem	12/08	
15)	Implementation of Job sequence in deadlines	12/08
